The Company

With 20 years of experience and 2000 m² of facilities equipped with the latest cutting-edge technology at national level, the ROLPIN has been considered an SME leader for 3 consecutive years and SMEs excellence in 2014, this being the number one company in the industry.

Between the late 80s and early 90s, the craftsmanship garage of the founders, began to emerge a family business in the area of paint rollers and accessories industry for civil construction. Hard work and dedication which, moreover, are principles by which the company is guided, provided the expansion of the modest initial warehouse of 300 m².

Currently located in the industrial zone of Porto - Vila Nova de Gaia - Gulpilhares and with a production capacity of 2 million units annually, it offers a wide range of products, ensuring the highest quality since the material to packaging.

Mission: *To provide the best and latest industry products in the domestic and international markets.*

Vision: *Expand continuously turnover overlooking the continuous conquest of the domestic market and export markets.*

Objective: *To offer our customers high quality products, adapted to their needs and always at the most competitive price.*

Mini Paint Rollers Ø 16 mm

- ┐ Term fused Roller
- ┐ Tube with Ø16 mm
- ┐ Quick Fitting System (*click system*)
- ┐ Frame with 6.00 mm
- ┐ Polypropylene Handle

Mini Paint Rollers Ø 30 mm

- ┐ Term fused Roller
- ┐ Tube with Ø30 mm
- ┐ Quick Fitting System (*Click System*)
- ┐ Frame with 6.00 mm
- ┐ Polypropylene Handle

Paint Rollers Ø 45 mm

- Term fused Roller
- Tube with Ø45 mm
- Hex nut fix system
- Frame with 6.00 mm
- Polypropylene Handle

Paint Rollers Ø 50 mm

- Term fused Roller
- Tube with Ø50 mm
- Hex nut fix system
- Frame with 6.00 mm
- Polypropylene Handle

Round Top Paint Rollers

- Term fused Roller
- Tube with Ø50 mm
- Round top with a folded tissue
- Hex nut fix system
- Frame with 6.00 mm
- Polypropylene Handle

Quilt Paint Rollers

- └ Quilt Roller (sewn)|folded fabric on the tops
- └ Tube Ø45 mm on foam tube Ø60 mm
- └ Quick Fitting System (*Click System*)
- └ Frame with 8.00 mm
- └ Polypropylene Handle

"Click System" Paint Roller

- └ Term fused roller
- └ Tube with Ø50 mm
- └ Quick Fitting System (*Click System*)
- └ Frame with 8.00 mm
- └ Polypropylene Handle

Angorá (Velour)

Tissue 100% Pure Wool | **Height** 4.5 mm | **Colour** Beige

Rollers

Aplicação

- ✓ Suitable for being used with enamels and varnishes on areas difficult to reach. Great durability and fine finish. Solvent resistant.
